The TCR-FORD1 Harness (Tailgate-Camera Replacement) kit easily adds an aftermarket camera to the OEM reverse camera harness on select Ford trucks where a topper has been added, or the bed has been removed. Built-in line with this harness is a composite-differential converter to gain you the best possible quality (and OEM-proper) signal to the screen.

This kit includes a 5" piece of industrial, waterproof heatshink tubing to add over the RCA/power connections once complete.

NOTE: This kit is applicable to:

- 2015 F150s
- '17+ F150s with PUSH-BUTTON START (only),
- '19 RANGER (all, except chassis-cab: TCR-FORD2)
