

**FLIR-XW**

Price: **\$800.00**

 manufacturer  
NAV-TV

 SKU NTV-KIT588

 weight  
3.00 Lbs

 market  
USA, Rest of World,  
Europe

The FLIR-XW (External Warning) module provides an audible tone and an illuminated button (which also mutes the warning tone) when your FLIR PathfindIR II camera detects a person or object to provide an extra level of alertness when using the camera. Audible feedback can be user-silenced either per activation or completely with the included push button.

Please call us for availability information.
